THE INDIANAPOLIS NATIONAL BANK Designated United States Depository. Cerner Room Odd-fellows' Hall

THEO. P. HAUGHEY, Pres't. H. LATHAM. Cars. CONDITION OF THE MARKETS

A Day of Wide Fluctuations and Heavy Business in the Chicago Wheat Pit.

A Sharp Reaction Occurs Late in the Day, but the Closing Is Fairly Steady-Provision Decidedly Strong and Steady.

MONEY, BONDS AND STOCKS.

The New York Market Very Dull; the Transactions Being Confined to Five Stocks. NEW YORK, Aug. 28.-Money on call was easy at 11@2 per cent., closing offered at 2 per cent

Prime mercantile paper, 41 264 per cent.

Sterling exchange was dull but steady at \$4.844 for sixty-day bills, and \$4.874 for demand. The total sales of stocks to-day were 215,024 shares, including the following: Delaware, Lackawanna & Western, 28,110; Delaware & Hudson, 7,210; Erie, 3,770; Lake Shore, 5,682; Northwestern, 3,700; New Jersey Central, 16, 580; Northern Pacific preferred, 6,860; Oregon Transcontinental, 4.610; Reading, 54,900; St. Paul, 13,560; Union Pacific, 5,670; Western

Union, 19,085. There was still no change in the speculative market to-day, and except in five stocks there was absolutely no interest in the day's transactions. A firm to strong tone, however, prevalled throughout after the first half hour, and prices, as a result of the operations, are generally fractionally higher than last evening. The coal stocks were the great features of the day. and Lackawanna, and especially with Jersey Central in close attendance, made marked advances, reaching still higher figures than have yet been attained in the present rise. The other coalers were also prominent, and Reading again assumed the lead in the point of business done. while even Susquebanna was more active and strong. The buying was somewhat of puzzle to the street, which found itself, as usual heretofore, unable to trace the purchases, The Gould stocks were also more active and strong, though there was no marked movement in any of them, except Western Union, and outside of the stocks mentioned and St. Paul there was but little business done during the day. Burlington & Quincy and Rock Island, however, made a spurt in the last hour, which carried them up materially, though a portion of the improvement was lost in the last few minntes. The opening prices, as compared with last evening's closing prices, were quite irregular, but the differences were for less than } per cent. either way, and as there was considerable pressure brought upon the list at first eales. prices yielded all around from to per cent. The declines were soon over, however, and the market displayed strength, which, before the end of the first hour, had wiped out the early losses. Reading, Lackswanna, Western Union and St. Paul again monopolized attention, and were afterward joined by Jersey Central, while the rest of the list made no movement of importance whatever. There was less animation after noon, and very little progress was made until the last bour, when Lackawanna became very active and strong, while the remainder of the list followed, and Burlington and Rock Island made a spurt. The upward movement ceased only with the close of business, which was quiet but strong at the best prices reached. Almost the entire active list is materially higher this evening, and Lackawanna rose 2 per cent., and Jersey Central and Burlington & Quincy 1; per cent. each.

The railroad bond market showed a listle more animation to-day, the sales of all issues aggregating \$1,597,000, but the increased activity was entirely due to the animation displayed by a few issues, among which Reading seconds preferred incomes, with \$314,000, and the Atlantic & Pacific incomes, with \$242,000, were most prominent. As a rule the rest of the list were dull and stagnant.

Butter firm; Western dairy, 12@15e; Western creamery, 14 221c. Cheese quiet; Western, 7

CHICAGO, Aug. 28.—It was no surprise to operators or to the country that speculative markets everywhere, and for nearly all grains and products, opened higher and excited this morning. This was generally expected in wheat, and this expectation added to the advance which the conditions justified. Opening prices were lie higher at Duluth, lie higher at Milwaukee and St. Louis, lie higher here, and lie to 2ic higher at New York. In this market September sold at 91ic, up to 92ic, down to 91ic, and then with a rush up to 94c But Septem-ber was controlled by one man largely, and December was a better index of the actual market. That future opened lichigher, at 92%c, and sold at 94 cents at the same time with September. All this was the result of the first hour on 'Change. At noon there was an advance above the lowest points yesterday of 5c in September and 4c in December. The action of the market all day was exceptional. Not only were the advances sharp and strong, but the volume of trade was enormous. The leading features of the renewed strength and activity were the additional evidences of a shortage in the world's crop, the wet weather abroad and cables stronger than ever. No less than ten or twenty big houses were sellers on the opening bulge. Wheat was dumped in large quantities. It caused only a temporary reaction, and many of the same houses bought back the wheat for themselves and customers at | @ c advance a few minutes later. While the news from abroad was so bullish, the Northwest also furnished its usual number of damaged-crop dispatches. The wheat pit was howling wild, and the strength was caught somewhat by the other pits. September sold 1to higher at the opening, at 91to, and up to 94to, with a decided reaction near the close. October sold up to 93fc, and December to 94tc. There was a decided reaction from outside prices in wheat a few minutes before the close, and the trade scarcely knew what to expect. At the very last, however, there was a steadier feeling, and the closing sales were about lie under the top figures and from 2to to 3e over last night. Corn of itself would have been a dull, heavy market, no doubt, but with the aid of the buying rage in wheat, and the generally strong feeling on the floor there was an advance of over lc, at one time, over last night's figures. September opened &c higher, at 44ic, sold up to 45c, back to 44ic, up to 45ic, and closed at 44fe, or to higher for the day. Oats were quiet, but with a small advance for futures, under the influence of wheat, and corn, closing easier and slightly lower. There was a further small gain in porh and lard, ribs closing the same as on yesterday, save the January option, which advanced .07jc. There were only 8,500 bogs at the yards, and with such a wheat market as was witnessed in the neighboring pit, provisions were strong most of the time, though

INDIANAPOLIS MARKETS.

A Brisk Trade for August Is in Progress with Few Fluctuations in Values.

INDIANAPOLIS, Aug. 28. In most departments, to-day, trade was active and, as a rule, a firm tone in prices is noticeable. Dry goods men were quite busy. Cotton and woolen goods are both advancing in tendency at the productive centers. Goods are closely sold up, in fact, many mills are said to be behind their orders. The advance in the price of wool has strengthened the price of woolen goods perceptibly. Grocers are doing a good business. Coffees, teas and sugars are all ruling steady and firm at the quotations of several days past. Hardware men are having a brisk trade, and prices of hardware and iron are firmer in tone. Dealers in tinners' supplies re-port trade good and prices steady. The provis-ion market is a little slow at unchanged prices. The produce markets are active, apples, pears and peaches seldom in so large supply as this season, and consequently prices rule low. Poultry weak at the recently reduced quota-tions. Eggs firm. Butter steady and meeting with good sale if a choice article. The supply of Irish and sweet potatoes is large and prices weak on a limited demand. The seed market is active at unchanged prices. Millers report a better demand for hour, with higher prices indi-

The flat tone of the local market continues. While there was a fair attendance on 'Change, the bidding was tame. The Indianapolis Market
Report says of the market: Wheat—Receipts
posted for past two days 61 cars, against 58 cars
for preceding period. The market shows an improvement in prices, although the demand is

13 3c; 17 3 ms average, 13 4c; 20 ms average, 13 c;
22 m average, 12 3c; English-cured breakfast bacon, light or medium, 13 3c; chied beef hams, light or medium, 9 3c; dried beef hams, light or medium, 9 3c; dried beef hams, thin pieces, 10c.
Bacon—Clear sides, medium average, 11c; 35 ms and over, average, 10 3c; clear backs, medium average.

only fair. No. 2 red is salable at 91 2 92c; No. 3 red at 83 #87c; rejected sells according to quality at 77 @82c. Corn-Receipts posted for the past two days 31 cars, against 43 cars for preceding periods. The market is rather weak; offerings fair. White grades are salable at quotations below. No. 2 mixed offered at 434c, with 43c bid; No. 3 mixed, slow; sales at 1 2 le discount. Oats-Receipts posted for past two days 17 cars, as against 12 cars for preceding period.

Market is quiet, the nominal quotations for graded oats being some lower. Rejected white cate are in fair demand at 25 @26e; mixed; slow sale at 22c. Feeds-Bran is very dull, shippers reporting that it is almost impossible to draw any orders, and local jobbers seem to be out of the market unless a bargain offers. Hominy feed is selling at \$14. Hay-Offerings are fairly free and market weak. Demand is almost entirely for spot. Track bids to-day ruled Wheat-No. 2 Mediterranean.....

No. 2 red..... September.... Corn-No. 1 white..... No. 2 white..... No. 2 mixed.... Oats-No. 2 white..... No. 2 mixed The Jobbing Trade.

Texas Siftings

"There is one thing about ladies swimming." "What's that!" "They can't put on any side-saddle style when they go in swimming. They must kick out like a man or get drowned.

CHOLERA INFANTUM

Prevented Controlled and Cured

In the Sugar of Milk, which is the base of Lactated Food, bringing it to close resemblance to mother's milk, we have a substance which has the property of overcoming all irritation of the stomach and bowels, and of correcting the character of the secretions. It has been the positive means of saving many lives, having been successful in curing hundreds of cases of cholera infantum, where other prepared foods failed. Lactated Food is a sure preventive of this dread disease, and babies living upon it are safe from cholera infantum and other summer bowel troubles.

BY USING

LACTATED FOOD

T. C. WILLIAMS, M. D., 1840 Lexington Ave., N. Y., writes: "I have tried your Lactated Food in the case of my own child, a girl five months old, who was seized with a most severe attack of cholera infantum. For two days her diarrhoa and vomit were almost as bad as they could be, and she was unable to retain any food. I tried your food without much hope and it literally acted like magic. She retained it from the first, her passages began to improve immediately, and from the low, sunken appearance and utter prostration which this disease so rapidly produces, the infant rallied in three days to full health and normal appetite."

150 Meals for an Infant for \$1 Easily prepared. At Druggists—25c., 50c., \$1. A valuable pamphlet sent on application. Wells, Richardson & Co., Burlington, Vt.

2% Debenture Bonds. We offer, in denominations of \$200.00 and \$500.00, one series of \$100,000 of these bonds, secured by FIRST mortgages on IM-PROVED FAR MS in the choicest part of the great corn district of lows. The loans never exceed 40 per cent. of the cash value of the property so mortgaged. \$110,000 of these mortgages are in the hands of a responsible Trustee as security for the payment of the Bonds. The Company issuing them has a capital stock paid in of \$60,000.
